

Don't just survive this economy...

THRIVE. With Right Weigh.

Could your fleet use a proven solution to help it thrive? So could America's largest refrigerated fleet – before they discovered Right Weigh. With over 4,500 Right Weigh onboard load scales now in use on their trucks and trailers, Prime drivers know their actual loaded weight before they even leave the loading site. That's helping them thrive by reducing commercial scale expenses, avoiding out of route miles, and preventing overweight fines.

Help your fleet thrive by installing Right Weigh load scales on your equipment. Scales only \$95 - \$195 MSRP. Please call us to order today, or visit us online to locate a dealer near you.
